OFFICIAL RULES

THIS IS A COMMUNITY DEMONSTRATION AND FUN IS THE WORD OF THE DAY!

General:

Teams may consist of private individuals or be sponsored by a business.

Each building team will consist of no more than 3 people. You are encouraged to have support crew to bribe the judges, convince patrons to donate to your people's choice award bucket and to just generally engage in the fun and comradery!

Date: Saturday, June 3rd

Location: Southwest parking lot of Harbormaster building in Cap Sante Marina

Set-up: 8:00am – 9:00am

Build Boats: 9:00 am – 3:00 pm

Boat Decorating & Area Clean-up: 3:00 – 5:00 pm

Parade and Race - 5:00 pm

Awards: Immediately following the race.

Entry Fee: \$100.00 per team (your team does at least get T-shirts for this!)

The competition is open to 7 teams, on a first come first serve basis. Entry Forms must be received no later than May 20th. However, Earlier is better!

Teams will be required to sign hold harmless agreements prior to event (attached).

IMPORTANT NOTE: It is best to arrive at the marina before 7:00 am to offload equipment and secure a parking spot. Parking is very limited there is no parking on festival grounds.

Team Entry Fees help support
The Anacortes Small Boat Center
Proceeds from The People's Choice Award help support the non-profit of
your choice!

Construction:

Each team will be supplied with:

- (4) Sheets of 4' x 8' x ¼" AC plywood
- (6) 2" x 4" x 8' nominal lumber
- (100) No. 8, 1.5 inch flat head galvanized Philips head wood screws
- (2) Tubes of quick drying caulk
- (50) Tie wraps
- (1) Mystery Material

Teams may spend up to, but not more than **\$20.17(before tax)** of their own money on materials. All materials purchased for use in building the boat must be included in this total. Valid receipts for these materials must be presented to the judges PRIOR to the competition or the materials may not be used.

Latex paint may be used to decorate the boat. The cost of paint is not to be included in the \$20.17 cost of materials listed above. **The brighter the colors the better!**

A mystery material will be supplied to each team at the start of the competition and must be used on your boat!

Teams will be disqualified for using any materials other than those listed above.

A banner with team, company or organization logo is permitted and encouraged.

Teams must supply their own tools, 20 amps of power (max) will be available to each site. There is no limitation on the number or types of tools allowed, with the following exceptions: no nail guns, torches, heat guns, or flame producing devices of any type will be permitted.

Important!

Proper safety equipment is a requirement. Safety glasses or face masks must be worn at all times when using tools that produce flying dust or debris. Those not using proper safety equipment may be disqualified. Teams must take care to ensure their sites pose no risk to the public.

Each team will be given a 10' x 20' canopy under which to build their boat. All construction must occur within that space. The completed boat must fit inside of this space. Teams may not store materials, supplies or trash outside of the building area. Trash cans will be provided for each work space.

Plans may be used but full size patterns or templates of any kind are forbidden.

No alcoholic beverages may be consumed during the contest. However each team member will be give a “beer chit” to be used after the building of the boat while waiting for the parade and paddling demonstration.

Teams will be required to completely clean up their site the day of the competition. The finished boats will be left in the building site until 4:00 p.m. on Sunday, June 4th, for public viewing and admiration. The boats must then be removed from the site by the competitors at 4:00 pm Sunday, June 4th.

Building will start at 9:00 am. At 3:00 pm building must stop. Boats will then be presented to the judges.

During the **2 hour break time** the building sites must be cleaned up and garbage hauled away. The boats can be decorated and painted by the team and members of their “support crew”. There are no budget limitations on the visual enhancements. This is also a great time to get your building site cleaned up and your garbage hauled away.

A parade/march thru the festival grounds will begin at 5:00 p.m. and the rowing demonstration will start at approximately 5:20 pm. It is highly encouraged to have family, friends and support crew help with the decoration and transportation of the vessel during the parade.

Rowing/Paddling Demonstration:

Boats must be solely human powered and all means of propulsion must be constructed from the materials given. A minimum of two team members and maximum of three must be in the boat during the entire race. **Any number of support staff from their respective company or organization may help the team transport their craft from the construction site to the launch pier. The grander the spectacle the better! This is an area where your entire organization can participate. Cheerleading, pomp and circumstance, baton twirling, bands playing... all are highly encouraged.** However, only the 2-3 building team members who are going to be inside the boat during the entire race may push the boat off the pier and participate in the race.

Teams may not deliberately hinder other boats during the races.

USCG approved PFD's **must be worn** by all crew members during the race. Any boat that does not complete the race(s) will be disqualified from the Grand Prize Trophy.

Judging:

Judges will be selected from impartial groups from the local community.

In addition Friday evening during the Waterfront Festival Kick-off Dinner, “judgeships” may be auctioned off as part of the fund raising efforts and fun... Want some influence over your fun points... you be the judge... or find one.

Each boat will be rated by the Judges in the following categories:

- Best Looking
- Best Use of Material
- Originality
- Design
- Construction
- Best Use of “Mystery” Material
- Seaworthiness
- Lack of Seaworthiness (visual)
- Wettest Feet
- Best Bribe to the Judges (cookies, sandwiches, pies, etc.... use your imagination (no monetary or alcohol bribes)
- Oldest combined age of all team members
- Youngest combined age of all team members
- Judge’s overall choice

Each of the above categories represents One (1) point.

3 points will be awarded for the 1st Place Race winner!

- **People’s Choice** – Tokens/Nails at \$1 each will be sold. A container for such tokens/nails for each team shall be provided. The team with the most “votes/tokens/nails” will be declared winner at the awards ceremony.
 - ❖ *The winning People's Choice team will have their entire vote proceeds donated to the charity of their choice!*
 - ❖ *All other teams, 50% of their vote proceeds donated to the charity of their choice.*
 - ❖ **Have your friends vote early and vote often.**

Additionally, one-half (1/2) bonus point will be awarded for each full uncut sheet of plywood, 2x4, and/or tube of caulk not used by a team in constructing their boat.

The highest scoring boat will receive the Grand Prize Trophy. This stunning trophy will be awarded to the winning team and may be held by that team for one year until the next competition at which time it will be awarded to the next winning team, in perpetuity. This trophy will make a handsome addition to any office, club or living room!

While these rules are written to be clear and easy to follow there may be differing interpretations. In these, and in all cases, the decision of the judges will be final.
